In a picturesque Istrian fishing village, known for its premium olive oil and stunning landscapes, a modern ground-floor apartment with a private garden is now available. Spanning 94 m², this apartment is ideal for comfortable and functional living, featuring spacious and bright rooms that create a warm and inviting atmosphere.

Upon entering the apartment, on the left side, there is a practical space perfect for a built-in wardrobe for shoes and coats, while on the right side, you'll find a guest WC. The hallway leads into a spacious open-plan living room, dining area, and kitchen, naturally illuminated by large glass walls. From the living room, a corridor leads to three spacious bedrooms and the main bathroom, ensuring an optimal layout for family living.

The apartment also includes its own storage room, located on the same floor next to the apartment's entrance, offering additional privacy and convenience as there is only one apartment per floor.

The 146 m² garden, belonging to the apartment, offers numerous possibilities—from installing a pool to creating a private garden or an outdoor space for relaxation and entertaining.

The modern building consists of only four apartments, each with electric underfloor heating and air conditioning for year-round comfort. The nearest beaches are just 500 meters away, and the center of Poreč, with its rich array of amenities and beautiful beaches, is only 7 km away.
